

# Connecting Delta Cities

Connecting Delta Cities unites those Delta Cities who strive to make their cities climate proof. They join forces in their quest for innovative adaptation strategies, sharing knowledge and best practices.

Connecting Delta Cities virtually combines the knowledge, experience and connections of Rotterdam, Tokyo, Jakarta, Hong Kong, Shanghai, New York, London, Ho Chi Minh City and others.

# Connecting Delta Cities

## *Delta Cities Climate Proof*

During the C4o meeting on climate adaptation held last year in Tokyo, the City of Rotterdam initiated the implementation of a joint action to set up a worldwide city network: 'Connecting Delta Cities' to share and ease the burden of challenges related to climate change. The network aims to:

- ▲ Act as a platform for information exchange of knowledge and best practices;
- ▲ Operate as a show case for other Delta Cities;
- ▲ Connect councils, politicians, municipal departments, knowledge institutes, NGO's and even the private sector;
- ▲ Act as a motivation for project funding through international dissemination of project results.

### the movie

Get a better insight in what Delta Cities are facing due to climate change.

### the article

Rotterdam and Hong Kong explore governance aspects on climate change and share knowledge on the subject.

### the book

An exploration of how several Delta Cities deal with climate adaptation in their cities and how they can learn from each other.

### the workshop

The workshop will provide a stage for the state of the art science and policies in the area of adaptation to climate change in several key global cities. Innovations and bottlenecks in adaptation policies will be addressed as well as areas with potential for extended knowledge exchange.
